In an effort to create several end of year events in a virtual environment, the MVUSD audio visual production teams have been assembled to capture some of these timeless memories. Your students participation is being requested in a performance capacity which requires both audio and video capturing. For your student to participate in a virtual recording session, the following will be required: An adult MUST be in the home for the duration of the recording session. The recording space must be free of background images, photos, and decorations. Your student must find an appropriate quiet location to conduct the face-to-face recording session. Your student must be dressed appropriately. I understand that my student will be included in a live online recording session for the sole purpose of performing in "end of year" celebrations. I understand that my students performance will be displayed on MVUSD approved social media platforms to include and not limited to Youtube and Facebook. I understand that MVUSD may remove my students performance if found to not follow the above referenced guidelines. I understand the privacy risks of my student being engaged in an online Virtual Meeting platform. By signing, I am agreeing to my students participation and am indicating that I understand and agree with everything outlined within the consent form.
